# Caroline Chen

Brand Designer | UX Designer

San Mateo, CA | 650-863-2081 | carolineche99@gmail.com | linkedin.com/in/caroline-che99
Portfolio: tarocaro99.github.io/taros-world

## SUMMARY

Brand and UX designer with a background in user research and interface design. Builds brand systems and visual identities, runs paid social on Meta and X, and uses AI tools daily to prototype, write, and build quickly. Has designed for print, web, and product, from campus event materials to an app paired with a Bluetooth wearable.

## EXPERIENCE

**Brand & Growth (Contract)**, Builders (builders.cv), Pensieve, Inc.

- Own branding, growth, and advertising for a talent agency that places engineers, designers, PMs, and GTM leaders at venture-backed startups.
- Run paid social campaigns on Meta and X for two audiences, candidates and startups, adjusting creative, copy, and spend based on results.
- Study market trends and competitor agencies to guide brand positioning and decide what to test next.
- Write outreach to candidates and startup partners and use response rates to rework the messaging.
- Worked on pilot product features for the platform, supporting early product development alongside the brand and growth work.

**Administrative & Marketing Assistant**, UC Davis C-STEM Center — Jan 2025 – May 2026

- Lifted Instagram engagement about 12% by giving every campaign one visual style and a clear story.
- Built the program's visual brand system from scratch, including the templates, newsletters, and social graphics used across all outreach.
- Produced print and digital event assets, from flyers and signage to email newsletters, each one on brand and ready for output.

## PROJECTS

**Exhale**, UX Lead — 2026 – Present

- Lead design for a 3-person startup building a social habit-tracking app paired with a Bluetooth wearable.
- Took the core user flows from wireframes to high-fidelity Figma prototypes on shared, reusable components, then hand off final files to developers for the React Native build.

**Constructing Campus Identity**, Brand Research Case Study — Winter 2026

- Spent 10 weeks observing campus spaces and interviewing students, then compared what they described with how UC Davis brands itself. Pitched the gaps to faculty.

**InterACE**, App Concept (case study) — Fall 2024

- Designed the brand identity and product for an AI interview-prep app, from user research to a clickable high-fidelity prototype.

**My aKDPhi Guides**, Website (live site) — Sep 2025 – Mar 2026

- Designed and coded (HTML/CSS) a step-by-step guide site that replaced dense internal docs for members across 67 chapters.

## LEADERSHIP

**Onboarding Lead**, alpha Kappa Delta Phi — Sep 2025 – Mar 2026

- Trained members and wrote the user guides for a platform launched across 67 chapters in the US and Canada.

**Web Design Lead**, alpha Kappa Delta Phi — Apr 2025 – Jan 2026

- Redesigned the chapter website's visual system, layout, and navigation.

**Finalist**, KPMG-Sponsored AI Consulting Case Competition, EBSA — 2023 – 2024

- Developed and pitched an AI e-commerce strategy to judges; also placed third in the EBSA marketing case competition.

## SKILLS

**Design:** Figma, Adobe InDesign, Illustrator, Photoshop, Webflow, brand identity, typography, layout, design systems, templates
**Production:** Print and digital file preparation, multi-size ad versioning, asset library organization, brand QA
**Other:** HTML/CSS (AI-assisted development), Google Slides, Keynote, PowerPoint, Excel | **Languages:** English, Mandarin

## EDUCATION

**University of California, Davis**, BA in Design (UX & Digital Systems); BS in Managerial Economics — Sep 2022 – Jun 2026

**National Taiwan University**, Study Abroad Program in Law and Data — Jul 2025
